

What Climate and Clean Energy Thought Leaders are saying about Climate Solutions

Bill McKibben
President and Co-Founder
350.org

Climate Solutions gets things done—its important words are backed up by powerful deeds that are making a big difference in the fight for a workable planet!

Van Jones
Co-Founder
Rebuild the Dream

Climate Solutions is shining a light on a better way forward: a clean energy future with broadly-shared prosperity, free from the ravages of fossil fuel dependence. And the brighter they shine that light, the closer it gets.

Lisa Jackson
Former EPA Administrator

Climate Solutions is practical and results driven. They represent a beautiful mix between what's happening in the real world, outside the beltway, and the translation that needs to occur to affect policymakers.

Ross Gelspan
Author
Pulitzer Prize-winning journalist

Of all the grassroots groups working on climate, none has been as effective or farsighted as Climate Solutions.

Dave Chen
Principal
Equilibrium Capital

Sustainability and the green economy are all about jobs and innovation. Climate Solutions is very effective at bringing business leadership to bear on these issues.

Maud Daudon
President and CEO
Seattle Chamber of Commerce

Climate Solutions is an absolute partner—with the Chamber of Commerce, with labor, with government—in developing a regional vision that works to define what sustainable prosperity really looks like.

Denis Hayes
President
Bullitt Foundation

It is accurate but insufficient to call Climate Solutions the best climate organization in the region—it just might be the finest regional climate group in the world.

Bill Gates
Co-Chair, Bill and Melinda
Gates Foundation
Chairman
Microsoft Corporation

When I'm meeting with the scientists, I'm very optimistic. Then I look at the needed political elements—like pricing carbon and more research and development funding—and that part has gotten messy, even disturbing, in terms of "do facts matter." But you've got to persevere. We're talking about the same political system that's worked very well over the long term. We can get what we need, but only because the people engaged on the issue—like the people here at this [Climate Solutions] breakfast—are keeping that message clearly in front of all the politicians.
